

TRANSFER GUIDE FOR OREGON STATE UNIVERSITY

Major Offered At:

CORVALLIS

**Linn-Benton
Community College**

BioResource Research

BioResource Research students acquire research experience and broadly based knowledge in interdisciplinary fields of agricultural, environmental, food, health and forest sciences.

Many become industrial or academic research professionals in science. Others will enter graduate and professional schools in the life sciences or become secondary school science teachers.

Students take science core courses, complete an option in the FANH (Food, Agriculture, Natural resources, and Human) sciences, and do a research project of their choice under the guidance of a faculty mentor.

Students must select one option below:

- Animal Reproduction and Development
- Applied Genetics
- Bioproducts and Bioengineering
- Climate and Biosystems Modeling
- Environmental Chemistry
- Food Quality
- Genomics/Bioinformatics
- Pest Biology and Management
- Plant Growth and Development
- Sustainable Ecosystems
- Toxicology
- Water Resources

Your Bachelor's Degree (BS) in BioResource Research

- A minimum of 180 credits are required for graduation; 60 must be upper division (300 and 400-level courses).
- A maximum of 135 transfer credits may be applied toward a bachelor's degree at OSU.
- Only courses with letter prefixes and numbers above 100 are accepted.
- More info at: agsci.oregonstate.edu/brr.

Courses Required for BioResource Research Major

BRR Core Requirements List is not comprehensive. Contact an OSU advisor for more information.	LBCC Equivalent Course	OSU Course	Notes
Biology	BI 211 BI 212 BI 213	BI 211 BI 212 BI 213	
General Chemistry	CH 221 CH 222 CH 223	CH 231/261 CH 232/262 CH 233/263	Lecture & lab for 200-level Chemistry have separate Course numbers at OSU
Organic Chemistry	CH 241 CH 243 CH 242	CH 332 CH 333 CH 337	Must pass the ACS organic exam offered as part of LBCC course to receive upper division credit: Chemistry.oregonstate.edu/content/organic-chemistry-transfer-policies
Mathematics	MTH 251 MTH 252	MTH 251 MTH 252	
General Physics	PH 201 PH 202 PH 203	PH 201 PH 202 PH 203	
Ethics	PHL 202	PHL 205	Available online at OSU

Writing	WR 227	WR 327 (LD)	(LD): Transfers as lower division credit
Communication	COMM 111	COMM 111	

General Education Courses (called the Baccalaureate Core)

- Complete one course in each Perspective category with no more than two in the same department.
- Full listing of Linn-Benton CC courses that fulfill Bacc Core requirements: admissions.oregonstate.edu/baccalaureate-core-course-equivalencies-linn-benton-community-college

SKILLS COURSES	Math Writing I Writing II Speech (Writing III) Fitness (HHS 231 and 241)	Completed as part of major WR 121. Required to transfer. Completed as part of major Completed as part of major PE 231
PERSPECTIVE COURSES	Biological Science Physical Science Additional Biological or Physical Science Cultural Diversity Literature and the Arts Social Processes and Institutions Western Culture	Completed as part of major Completed as part of major Completed as part of major Choose one course from BaccCore link above Choose one course from BaccCore link above Choose one course from BaccCore link above Completed as part of major
DPD COURSE	Difference, Power, & Discrimination	Choose one course from BaccCore link above
SYNTHESIS COURSES	Contemporary Global Issues Science, Technology, & Society	Upper division course, take through OSU Upper division course, take through OSU

Important Notes & Resources

- See a [sample degree plan](#) by searching "BioResource" in the OSU Catalog at catalog.oregonstate.edu. Or find a sample degree plan on the Agricultural Sciences Degree Fact Sheet agsci.oregonstate.edu/degree-fact-sheet/bioresource-research
- BioResource Research offers 14 options which allow students to specialize in a specific area. Our options allow you to address the most important global challenges such as climate change, food security/quality and nutrition, safe water, world health, environment and habitat conservation, and sustainability. More details can be found by searching "BioResource Research" in the OSU Catalog at catalog.oregonstate.edu or by visiting the [BioResource Research website](https://bioresourceresearch.oregonstate.edu) at <https://agsci.oregonstate.edu/brr>
- Level 100/200 and lower division Baccalaureate Core are priority courses to complete before transferring to OSU.
- For BioResource Research students, the best time to transfer is fall term. Talk with an OSU advisor about your specific timeline.
- It is important to speak with the BioResource Research advisor, [Wanda Crannell](mailto:wanda.crannell@oregonstate.edu), early on, and often, to ensure correct course selection and sequencing. Wanda can be reached at wanda.crannell@oregonstate.edu.

Resources and OSU Information:

- Students do not have to complete a transfer degree in order to transfer to OSU.
 - If you've completed the Oregon AAOT, all requirements of the Baccalaureate Core are complete except for Synthesis Courses and Writing Intensive Courses.
- Preparing to apply to OSU? See transfer student admissions info: transfer.oregonstate.edu
- Want to take classes at both OSU and an Oregon community college? Check out the Degree Partnership Program: partnerships.oregonstate.edu/students
- Visit OSU for a campus tour and meet with an advisor; schedule your visit at visitosu.oregonstate.edu/visit-campus

Advising Contacts

Academic advisors at your community college and OSU are available to answer your questions and assist you in creating a transfer plan. **See your community college advisor first and use this Transfer Guide to help you plan.** It is important to speak with your OSU academic advisor early on, and often, to ensure correct course selection and sequencing. See visitosu.oregonstate.edu/visit-campus to schedule your personalized visit.
