Student Club News

Winter 2020-Updates from Applied Economics Quiz Bowl, Oregon State Collegiate Farm Bureau, Food & Fermentation Science Club, Vitis Club, and Sigma Delta Omega!

Start 2020 off right, join a new club!

Sigma Delta Omega!

Winter Recruitment for Sigma Delta Omega is approaching soon! Sigma Delta Omega was founded at Oregon State University in 2006 to unite women pursuing the sciences and to aid these women in their personal and professional goals. One of the pillars of our organization is service, with our philanthropy being OSU STEM Academy. This term, we take part in the mentoring program AWSEM - Advocates for Women in Science, Engineering, and Math, and we also have our Annual Trivia Competition to raise money to donate to our philanthropy.

Our organization is open to all individuals of all backgrounds or majors - all you need is a 3.0 GPA and a passion for science. If you are interested in learning more about Sigma Delta Omega, please check out our [website](#), and follow us on [Instagram](#) and [Facebook](#)! Here is our recruitment schedule for this term:

We hope to see you during Winter Recruitment! If you have any questions regarding the sorority or the recruitment process, please contact our Recruitment Chair, Maija Pham at rushsdo@gmail.com.

WINTER RECRUITMENT

Adventure Begins with SDO!

DAY ONE: PEAS, PODS, AND PASSPORTS!

Monday, Jan 6th, 5:30-7:30 pm in Kearney 212

Join our sisters in making mini passport photo books for you to start your recruitment journey with! Let the adventure begin with a fun craft and a cute polaroid pic on us!

DAY TWO: AROUND THE WORLD SPEED DATING

Wednesday Jan 8th, 6:30-8:30 pm in Furman 102

Buckle up as we take speed dating to new heights! Get to know our sisters and tell us more about yourselves!

DAY THREE: AMAZING RACE - KAHOOT EDITION

Thursday Jan 9th, 6-8 pm in Johnson 102

Your next clue for learning more about SDO takes place tonight! After the Kahoot, we'll be making Term Travel kits for all your Winter term needs!

DAY FOUR: SDO WORLD TOUR

Friday Jan 10th, 5:30-7:30 pm in Milam 026

Our journey is coming to an end, but what's a trip without a concert? Come perform or just enjoy the show with us!

Vitis Club!

Vitis Club's focus is to create and communicate more opportunities for students so that they may learn about the wine industry and all of its components inside and outside of the classroom. We participate in local winery tours, wine sensory events, vineyard workshops, and hold monthly meetings throughout the term.

Our Mission:

To facilitate hands-on learning opportunities in winemaking and grape growing for Oregon State University students; to foster a connection between OSU Vitis Club members and the global wine industry.

What we do:

- Local winery tours
- Participate in wine sensory events
- Vineyard workshops
- Term meetings

How to Connect:

Join the club emailing list at vitis@oregonstate.edu

Follow us at:

OSU VITIS CLUB

Food & Fermentation Science Club!

We welcome all students! Join us and have fun learning about food and fermentation.

We were voted CAS Club of the Year 2019!

Like us on Facebook - <https://www.facebook.com/OSU.FFSC/>

Industry Tours

Learn how delicious foods are made!

Upcoming tours in Newport, OR:
Wolf Tree Brewing
Pacific Foods
Local bakeries

Club Brews

Participate in the beer brewing process from mash to inoculation! Anybody is welcome.

FFSC will hold two club brews during Winter term.

Workshops

Develop cooking skills or see food science concepts in action!

Upcoming events:
Cheesemaking
Knife skills

Join our mailing list for upcoming event info and general meeting dates!

The goal of the OSU Collegiate Farm Bureau is to engage in advocacy, leadership, and networking opportunities within the agriculture and natural resources industries. We are closely connected with Oregon Farm Bureau and have opportunities for students to be involved with local, state, and national Farm Bureau events.

Club events in the past have included sending members to the annual Young Farmers and Ranchers Leadership Conference, and various industry tours to hazelnut, hemp, grass seed, potato, and other farms up and down the valley including highlights such as Wooden Shoe Tulip Farm and Sauvie Island Pumpkin Patch. Our meetings are typically on Thursday evenings at 7 pm in the Crop Science Building, room 122. We use meetings to prepare members for upcoming conferences or leadership events and bring in industry representatives to learn about their careers and opportunities for students in their field.

The first meeting of the term will be during week 3 on January 23rd at 7 pm. We will be hosting a representative from the group #TimberUnity to come present the purpose and impact of the group and answer questions about the importance of the upcoming state legislative session. Anyone interested in #TimberUnity is welcome to attend this meeting, even if you have not previously been involved with Farm Bureau!

To learn more about us or find us for future meetings, “like” us on Facebook @OSUFarmBureau

Applied Economic Academic Quiz Bowl!

Applied Economic Academic Quiz Bowl is a fast paced, jeopardy style competition where members show off their knowledge in various agricultural categories. Categories include Microeconomics, Macroeconomics, Agribusiness/Finance, Resource/Policy, Quantitative, Marketing, and Management.

The team meets weekly during the winter and spring terms in order to prepare for an annual national tournament held each summer at the Agricultural and Applied Economics Association's meetings.

Members on the University's Quiz Bowl team have had the opportunity to travel to Seattle, Washington D.C, San Francisco, Boston, Chicago, and Atlanta. This year's team will travel to Kansas City, Missouri for the annual national tournament.

Quiz bowl is a great way to apply course content, network with other students who have a passion for agriculture and represent Oregon State University on the national stage. **For more information contact club president Scout Sutton at suttonsc@oregonstate.edu**
